ABOUT SHANG WEI

Shang Wei Industries Sdn Bhd, a subsidiary of Laiwell Group, is a Malaysia-based company specializing in the research, development, and manufacturing of disposable food packaging products made from both plastic and paper materials. Laiwell Group is one of Malaysia's leading packaging material manufacturers, with businesses spanning plastics, paper, and coating production. Shang Wei operates three factories located in Johor, with a total land area of approximately 13 acres (52,600 m²) and a combined production space of 38,395 m². The company integrates multiple product divisions, equipped with automated production lines and in-house mold fabrication facilities. The PSP/OPS/EPS division runs 34 production lines with an annual output of 3,900 tons, manufacturing thermoformed cups, trays, and containers. The PA/Kraft division operates 21 lines with an annual capacity of 3,600 tons, focusing on paper bowls, cups, and kraft-based packaging. The PP/PPI division utilizes 61 machines with an annual capacity of 9,000 tons, producing durable containers, lids, and cutlery. In addition, the company has an in-house mold-making department equipped with CNC lathes and milling machines for precision tooling, custom design, and rapid development. Shang Wei serves both the domestic Malaysian market and exports to major regions such as the United States, Middle East, New Zealand, Australia, and Singapore. Through close partnerships with distributors and F&B brands worldwide, Shang Wei delivers high-quality, high-efficiency, and eco-friendly packaging solutions. The company continuously invests in sustainable materials and advanced manufacturing technologies, maintaining compliance with ISO 9001, ISO 22000, and HACCP standards, and remains committed to creating packaging that protects both the product and the planet.
